WHAT IT SOLVES

A simple mouse, with colour as the selling point

Four colours

Black, white, pink and green. The same product to equip an office or for the customer to choose by taste.

DPI button

A dedicated button cycles between 800, 1200 and 1600 DPI without opening Windows settings.

3 million clicks

The rated life the manufacturer declares for the buttons: years of use at an office desk.

86 grams

10.2 × 6 cm, comfortable for smaller hands and easy to carry in a laptop bag.

TEROS

PART NUMBER
4 MODELS

DPI switch button: DPI is the dots per inch the sensor reads: the higher it is, the further the cursor travels for the same hand movement. This mouse has a button to step through 800, 1200 and 1600 without opening any settings, so each person sets it to their own pace.

WHERE IT DELIVERS

Built to sell in volume, and on looks too

OFFICES AND CLASSROOMS

Equipping many desks

One model for the whole fleet, with the option to use the colours to tell areas, shifts or labs apart.

- 4 models available
- USB connection
- 12-month warranty

RETAIL AND HOME DESKS

Colour drives the purchase

On the shelf and online, four colours sell more than black alone, and the price is the same for all of them.

- Black and white
- Pink and green
- 86 g · 10.2 cm

EVERYDAY USE

Three million clicks

The rated button life comfortably covers a full working day for several years.

- Optical sensor
- DPI button
- 1.5 m cable
