GAMING CASE WITHOUT POWER SUPPLY · MID TOWER

TE-1332G

Mid Tower · ATX, Micro-ATX and ITX · tempered glass · 4 fans included

FOUR 120 MM FANS INCLUDED
Three at the front and one at the rear, ready from the box

Steel Mid Tower gaming case with a tempered-glass side panel, compatible with ATX, Micro-ATX and ITX boards. It includes four pre-installed 120 mm fans and takes radiators up to 240 mm, graphics cards up to 30.5 cm and CPU coolers up to 15.8 cm.

REFERENCE IMAGE

FORMAT	FANS	GRAPHICS CARD	RADIATOR
Mid Tower	4 x 120 mm	Up to 30.5 cm	Up to 240 mm

WHAT IT SOLVES

Ventilation, room and tempered glass as standard

Four fans
Three 120 mm at the front and one at the rear, already installed: the PC is built without buying cooling separately.

Room for components
Graphics cards up to 30.5 cm and CPU coolers up to 15.8 cm: almost any configuration fits.

Tempered glass
Tempered-glass side panel that shows the interior, with an SPCC steel chassis.

240 mm radiators
It takes 240 mm liquid cooling at the front and on top, plus 120 mm at the rear.

TEROS

PART NUMBER
CSA00BKTE1332G

Why three in front and one at the back: with more fans pulling air in than pushing it out, the case runs at positive pressure: air pushes outward through every gap instead of drawing in dust from the room. Together with the bottom dust filter, the interior stays clean much longer than in a case with the flow reversed.

WHERE IT DELIVERS

Built to assemble a PC without buying extras

COMPATIBILITY

Three board formats

ATX, Micro-ATX and ITX with seven expansion slots: it suits both a compact build and a full one.

- ATX, Micro-ATX and ITX
- 7 expansion slots
- ATX power supply up to 18 cm

COOLING

Air or liquid, depending on the build

Four fans already fitted and room for four more, or 240 mm radiators at the front and on top for liquid cooling.

- 4 fans included
- Up to 8 x 120 mm fans
- 240 mm radiator front and top

ORDER AND STORAGE

The power supply stays hidden

Bottom-mounted power supply with a shroud that hides the cables, plus two 3.5" and two 2.5" bays for drives.

- PSU shroud
- 2 x 3.5" and 2 x 2.5" bays
- Bottom dust filter
