FLAT GAMING MONITOR · 24.5" WITH 240 HZ ON BOTH INPUTS

TE-2477G

24.5" Fast IPS Full HD · 240 Hz over HDMI and DisplayPort · 119% sRGB

240 HZ OVER HDMI AND OVER DISPLAYPORT
The size tournaments use, at 240 Hz

24.5-inch flat monitor with a Full HD Fast IPS panel that reaches 240 Hz over both HDMI and DisplayPort, with 1 ms MPRT. It covers 119% of sRGB with AMD FreeSync Premium and HDR10, and includes an on-screen crosshair and FPS and RTS modes.

WHAT IT SOLVES

The size, the speed and the aids of competitive play

24.5 inches
The standard size for competitive play: the whole screen fits in your field of view without moving your head.

240 Hz on both inputs
HDMI and DisplayPort deliver the same refresh rate: no need to pick the right cable.

Fast IPS with 119% sRGB
IPS colour and viewing angles with 1 ms response: speed without the poor colour of a TN panel.

Crosshair and FreeSync Premium
A virtual sight in the centre of the screen, FPS and RTS modes, and low frame rate compensation.

TEROS

PART NUMBER
MONFVPTE2477G

Why 24.5 for competitive play: in competitive gaming the standard is 24 to 25 inches, and not because of price: at desk distance, a screen that size fits entirely in your field of view without moving your head. At 27 inches you have to shift your gaze to the corners, and that fraction of a second counts. That is why tournaments are played on 24".

WHERE IT DELIVERS

Built for the gamer who competes

COMPETITIVE GAMING

Two hundred and forty frames

240 Hz with 1 ms MPRT over either of the two inputs, with an on-screen crosshair and one-touch FPS and RTS modes.

- 240 Hz over HDMI and DP
- 1 ms MPRT · FreeSync Premium
- Crosshair · FPS and RTS modes

COLOUR AND VIEW

Fast IPS, not a cheap TN

119% of sRGB with 178° viewing angles and HDR10: fast entry-level monitors use TN panels with poor colour; this one does not.

- 119% sRGB · 178° angles
- HDR10 · 1 ms MPRT
- Flicker Free · Low Blue Light

INSTALLATION

Metal stand and VESA 100

A metal stand so the monitor does not move when the desk gets bumped, and VESA 100 mounting for an arm or a wall.

- Metal stand
- VESA 100 x 100 mm
- 36-month warranty
