GAMING MOUSE PAD

TE-3023G

90 × 40 cm · reinforced edges · transfer printing

REINFORCED EDGES
The edge is the first thing to wear on a large pad

A 90 × 40 cm mouse pad, the largest in the line: it covers keyboard and mouse and still leaves free space. Reinforced edges, a non-slip rubber base, a textile surface and transfer printing that withstands the friction of daily use.

REFERENCE IMAGE

SIZE	EDGES	THICKNESS	BASE
90 × 40 cm	Reinforced	4 mm	Rubber

WHAT IT SOLVES

More surface, built to last at the edge

90 × 40 centimetres
The largest in the line: the full keyboard and the mouse fit, with space to spare at the sides.

Reinforced edges
The outline is reinforced so it does not fray with the rubbing of forearm and mouse.

Transfer printing
The design is fixed into the fabric instead of sitting on the surface, so it resists use without wearing off.

Rubber and textile
The rubber base does not slide on the desk and the 4 mm thickness cushions the wrist.

TEROS

PART NUMBER
ACCMPBKTE3023G

Reinforced edges: on a large pad, the outline is the area that suffers most: the forearm rests there all day and the mouse cable rubs it as it moves. Without reinforcement, the fabric starts to fray at the edge within a few months; with it, the pad keeps its shape for its whole life.

WHERE IT DELIVERS

Built for large desks and daily use

GAMING SETUP

Room to lower the sensitivity

90 cm wide and 40 deep give margin for the wide movements that gaming with the mouse at low DPI calls for.

- 90 × 40 cm
- Textile surface
- 4 mm thick

WORK DESK

No lights or cables

It has no lighting and needs no power: spread it on the desk and it is ready. A sober option for a home office.

- No RGB or cables
- Transfer printing
- 12-month warranty

SMOOTH TABLES AND GLASS

It does not slide when you move the mouse

The rubber base grips melamine or glass, where a thin or baseless pad ends up shifting with use.

- Rubber base
- Reinforced edges
- Non-slip

DATASHEET · MOUSE PAD

Surface, measurements and construction

SURFACE AND MEASUREMENTS

Type	Gaming mouse pad · no lighting
Dimensions	90.00 × 40.00 × 0.40 cm
Surface	Textile
Base	Non-slip rubber
Finish	Transfer printing · reinforced edges

CONSTRUCTION

Base	Non-slip rubber
Surface	Textile
Edges	Reinforced
Printing	By transfer
Lighting	Not included

IDENTIFICATION AND WARRANTY

Brand / model	TEROS · TE-3023G
Deltron code	ACCMPBKTE3023G
Warranty	12 months * TEROS products only

WARRANTY
12 months
* TEROS products only · new product (NV)

CONSTRUCTION
REINFORCED EDGES
Transfer printing · rubber base
