WHAT IT SOLVES

A backpack that changes size with the trip

Expandable zip
A zip around the edge adds volume to the main compartment when you need to pack clothes.

15.6" compartment
Padded space with its own lining for the laptop, kept apart from everything else.

Lock for the laptop
The laptop compartment closes with a lock, and there is a hidden pocket on the back.

USB port with cover
External charging port with a dust cover, linked by cable to the inner compartment.

The expandable zip: it is a zip that runs around the backpack and adds several centimetres of depth to the main compartment. Closed, it is the size of an everyday backpack; open, it takes clothes for a weekend, so the same bag works for both.

WHERE IT DELIVERS

Built for those who travel often and light

WEEKEND TRIP

One bag for everything

With the zip open, two or three days of clothes fit alongside the laptop, so there is no need to check luggage or carry two bags.

- Expandable compartment
- Luggage strap
- 45 x 33 x 14 cm

SECURITY ON THE STREET

The laptop under lock

The lock on the laptop compartment and the hidden pocket on the back keep what matters out of reach on public transport.

- Security lock
- Hidden rear pocket
- Water resistant

TWO WAYS TO CARRY IT

Backpack or hand bag

The shoulder straps come off and stow away, so the backpack can be carried by its side handle like a bag when that suits better.

- Removable straps
- Top and side handles
- 1.30 kg empty
