CITY III

For laptops up to 15.6" · padded back and straps · internal USB port

PADDED BACK AND STRAPS
Built to be carried full every day

Everyday backpack for laptops up to 15.6", with a padded back and straps to spread the weight. It has an internal organiser, a dedicated pocket for a tracker tag and a USB charging port with the internal cable already included. In heather blue, the Navy version of the line.

WHAT IT SOLVES

Built for the weight you carry every day

Padded back and straps
The padding spreads the weight across the shoulders and keeps the load off your back on long journeys.

15.6" compartment
Its own padded space for the laptop, apart from everything else inside.

Tracker pocket
A dedicated, hidden space for the tracker tag, to know where the backpack was left.

USB charging port
An internal cable links the compartment to the outside port, to charge the phone without opening it.

The tracker pocket: it is a compartment designed for a Bluetooth tracker, the kind used to find keys or suitcases. It stays hidden inside the backpack, so if it goes missing or is left somewhere, it can be located from the phone. The tracker is sold separately.

WHERE IT DELIVERS

Built for carrying the laptop every day

DAILY WORK

There and back with the laptop

For those who make the same journey every day with the laptop and charger on board, the padded back and straps are what you appreciate.

- Padded back
- Padded straps
