VB-6049BLK Black · **VB-6049W** White · **VB-6049R** Red · **VB-6049BL** Blue · **VB-6049OR** Orange

60 W stereo (2 × 30 W) · IPX5 resistance · 6-mode dynamic RGB

IPX5 WATER RESISTANCE
It takes rain, splashes and the edge of the pool

60 W (2 × 30 W) stereo portable speaker with two 3-inch drivers and IPX5 water resistance. Six-mode dynamic RGB lighting, Bluetooth 5.3 with TWS mode, TF card, USB and AUX. ABS, silicone and fabric mesh body, with a carrying handle.

IT PLAYS LOUD AND IS NOT AFRAID OF WATER

WHAT IT SOLVES

Power and toughness to take it outdoors

IPX5 resistance
It withstands water jets from any direction: rain, pool splashes or a spilt glass.

60 W stereo
Two 3-inch, 4-ohm drivers, with 30 W per channel and a 20 Hz to 20 kHz response.

6-mode dynamic RGB
Lighting that follows the music, with six effects chosen from the top panel.

Carrying handle
ABS body with silicone and fabric mesh, with a built-in handle to carry it from one place to another.

What IPX5 means: on the IP scale the first digit rates dust and the second water; the X means dust was not tested. The 5 means it resists water jets from any direction: rain, splashes or a hose. It is not submersible, so it should not go into the pool, but next to it there is no problem.

WHERE IT DELIVERS

Built for the beach, the pool and the patio

OUTDOORS

Where water is part of the plan

IPX5 and silicone and fabric mesh materials: take it to the beach, the poolside or a campsite without babying it.

- IPX5 resistance
- ABS, silicone and fabric mesh
- Carrying handle

GATHERINGS

Enough for a group

60 W is enough for a group, and TWS mode pairs two units to spread the sound across the space.

- 60 W · 2 × 30 W
- TWS mode
- 3 equaliser modes

FIVE COLOURS

A choice for every taste

Black, white, red, blue and orange: the widest range in the audio line, designed for counter display.

- 5 colours available
- 5 buttons on the top panel
- 28.1 × 16.7 × 11.1 cm
